

Heberling Associates, Inc.

Since 1990 Dr. Paul Raber has served as Senior Archaeologist and Director of Archaeological Services for Heberling Associates with overall responsibility for the completion of all archaeological studies. Dr. Raber has supervised over 200 archaeological projects in Pennsylvania and surrounding states. Before joining Heberling Associates, Dr. Raber served as staff archaeologist for the Pennsylvania State Historic Preservation Office, where he was responsible for project review and Section 106 compliance activities, and prepared a state plan for archaeological resources, including archaeological research and policy formulation for the PHMC.

Position

Director of Archaeological Services

Education

PhD, Anthropology, Penn State University, 1984

MA, Anthropology, Penn State University, 1977

BS, Humanities and Science, Massachusetts Institute of Technology, 1973

Dr. Raber's responsibilities include research project design and implementation, project management and report preparation.
